A CASE OF ULCHRATED LIMBS OF 16 YEARS STAND-

The following is an extract of a letter dated March 27, 1850, from E. B. Perkins, M. D., a highly respectable physician of Marietts, Ohio:

JOHN PARK—Dear Sir: I have under my care a young woman who, for fixteen years, has been suffering from Ulcerated Limbs, and whose case suffering from Ulcerated Limbs, and whose case has been pronounced hopeless by three of our best physiciaus. I took her into my family, and have used Guysott's Yellow Dock and Sarsapa-rilla freely, and I am confident that the Yellow Dock and Sarsaparilla will effect a permanent cure. She is better in general health than she have used Guysott's Yellow Dock and San without fatigue or pain. A a pear ago she used crutches. I will report the case in due time—

Very respectfully.

BENNETT & Co .- Gents; Some time in 1843 I was attacked with King's Evil in my arm, which became so sare that I could not use it, and in 1845, mortification set in. I employed, at different times, each physician of celewithin my reach; all told me that my arm must be amputated. From the shoulder to the forcarm, my ann was full of running sores, some of them as large as a fifty-cent piece. I then tried an Indian Doctor, who removed the mortified flesh, and stopped the mortification, but could not heal my arm. My strength at thi-time was completely exhausted, and my person much emaciated. I continued in this state until ner of 1848, when I saw an advertisement of "Guysott's Yellow Dock and Sarsapa-rilla," which I read attentively, and sent for one bottle of the article. After using it a few days, the discharges from my arm increased, and assumed a light color, and less offensive odor. I sent for a second bottle, and while using it I found my strength increasing, and the discharges from my arm decreasing. I continued using it until I had used six bottles, though I felt myself perfectly cured before I used the sixth bottle. ace that time I have not felt any pain in my arm; no sores have reappeared, and I have no reason to doubt that it is thoroughly cured, for I re no reason to doubt that it is thoro cured, for I can labor with it as well as I ever

ANOTHER SCIENTIFIC WONDER P PSIN! THE TRUE DIGESTIVE PLUID Or Gastric Juice! A GREAT DYSPEPSIA CURER. DREPARED from Rennet, or the fourth stemach

I of the Ox, after directions by Baron Lizase, the great Physiological Chemist, by J S HOUGH-TON, M D, No 11, North Eighth street, Philadelphis, Pa.
This is a truly wonderful remedy for INDIGES TION, DYSPEPSIA, JAUNDICE, CONSTIPA-TION, LIVER COMPKAINT, and DEBILITY, curing after, Nature's on method, by Nature's own method, the Gastrie Juice.

Half a teaspoonfull of this Pluid, infused in water, will digest or dissolve Five Pounds of Roast BEEF IN ABOUT TWO HOURS, out of the stomach.

Scientific Evidence! Baron Lients, in his celebrated work on Anima Chemistry, says: "An artificial Digestive Fluid, analogous to the Gastric Juice, may be readily prepared from the mucuous membrane of the stoch of the calf, in which various articles of food, as meat and eggs, will be so softened, changed and ligested, just in the same manner as they would be

in the human stomach."

Dr Prazina, in his famous treatise on "Food and Diet," published by Fowlers & Wells, New York. page 36, states the same great fact, and describes the method of preparation. There are few higher authorities than Dr. Pereirs. Dr Conne, in his valuable writings on the Physiology of Digestion, observes that "a dimunition of the due quantity of the Gastrie Juice is a

prominent and all-prevailing cause of Dyspense; and he states that "a distinguished professor medicine in London, who was severely afflicted with this complaint, finding everything else to fail, had recourse to the Gastric Juice, obtained from the stomach of living animals, which preved completely successful," DI GRAHAM, author of the famous works on "Vegetable Diet," says: "It is a remerkable fact in physiology that the atomachs in animals, mace-rated in water, impart to the fluid the property of dissolving various articles of food, and of execuing a kind of artificial digestion of them in no wise different from the natural digestive process."

Dr Simon's great work, the "Chemistry of Man,"
(Lea & Blanchard, Phila, 1846, pp \$21-2) says:
"The discovery of PEPSIN forms a new era in the chemical history of Digestion. From recent experiments we know that food is dissolved as rapidly in an an artificial digestive fluid, prepared from Pepsin, as it is in the natural Gastric Juice itself." Professor Dunganess, of the Jefferson College, Philadelphia, in his great work on Human Physiology, devotes more than fifty peges to an examina-tion of this subject. His experiments with Dr. Beaumont, on the Gastric Juice, obtained from the living human stomach and from wnimals, are well known. "In all cases," he says, "digestion occurred as perfectly in the artificial as in the natu-

ral digestions." AS A DYSPEPSIA CURER. Dr Houghton's preparations of PEPSIN has produced the most marvellous effects, curing cases of Debility, Emaciation, Nervous Decline, and Dyspeptic Consumption, supposed to be on the very verge of the grave. It is impossible to give the de-tails of cases in the limits of this advertisement but authenticated certificates have been given of more than TWO HUNDRED REMARKABLE CURES, in Philadelphia, New York, and Boston alone. These were nearly all desperate cases, and the cures were not only rapid and wonderful, but permanent.

TASH AGAINST CREDIT.-Having Cadopted the Cash system, I offer to the citizens generally a splendid opportunity of realizing its advantages. Each should give its possessor an advantage which under the present system of trade he fails to realize; it being an undeniable fact that no business can be conducted as cheap for creditas cash, and no fair dealing man will make a distinction prejudicial to either, when two electer of Customers are brought frees to face.

Therefore, in order to reward industry and fragality, I have established ONE PLACE in Pomercy
